

SESSION01_12062026

The image shows a VS Code editor window with a terminal running in PowerShell. The terminal output shows the execution of the following commands:

```
PS D:\pvc_fullstack> git add .
PS D:\pvc_fullstack> git commit -m "Update code"
PS D:\pvc_fullstack> git push

To https://github.com/vanchien12/pvc_fullstack.git
f3b6e86..7b739fb main -> main
PS D:\pvc_fullstack>
```

The VS Code Explorer shows the project structure for 'pvc_fullstack', including files like 'main.py', 'vite.config.js', and 'package.json'. The terminal output also shows the commit message 'Update code' and the push operation to the 'main' branch of the repository 'https://github.com/vanchien12/pvc_fullstack.git'.

Below the VS Code window, the GitHub repository page for 'vanchien12 / pvc_fullstack' is visible. The page shows the repository name, a search bar, and navigation links for Code, Issues, Pull requests, Actions, Projects, Wiki, Security and quality, Insights, and Settings. The repository is public and has 2 commits. The commit history shows two commits by 'vanchien12' adding 'backend' and 'frontend' files. The README section is currently empty, with a prompt to 'Add a README'.
